

## LEVEL INDICATOR PFG57

Product line: **Rotary**

Small-sized bladed level particularly suitable for use on small tanks or batching cells. Version with male thread 1"1/2 Gas.

### ADVANTAGES

- An **EASY TO INSTALL** instrument that does not require any calibration, maintenance or specific tool for its installation.
- Thanks to the wide choice of paddles, all of which are interchangeable, it is **ADAPTABLE** to the different densities of the measured materials.
- Extremely **VERSATILE**, it can be installed on tanks, hoppers, on walls or roofs of silos, in a vertical, horizontal or oblique position.
- **CUSTOMIZABLE** with paddles, extensions, voltages.
- Protection degree of enclosures for electrical equipment **IP65**.
- **DURABLE** and **RELIABLE** with aluminium casing, stainless steel shaft on ball bearings and electrical connection via anti-vibration faston terminals. Works with ambient temperatures from -20° to +70°C.
- On request:  
**4 RPM**: A faster rotation of the paddle reduces the intervention time of the level indicator.
